

Figure 2.9.
Historical overview of number of international organizations by type
1909-2014

Presented in this table is the number of international organizations listed in past editions of the *Yearbook of International Organizations* and its precursors – notably the *Annuaire de la Vie Internationale*.

The organizations are totalled by type (see 1.3. “Types of organization”) and by whether they are intergovernmental or not.

To understand the policies governing the inclusion of types, and definitions of these types over time, see 1.4. “Continuity”.

This table suggests answers to the question “How many international organizations were there?” The comments given in Figure 2.1. are also applicable here.
